A group of approximately ten people, including several in military uniforms and others in firefighter gear (yellow helmets and dark shirts), are standing on a stone ledge of a building. They are holding a large American flag that is draped over the side of the building. The flag is the central focus, showing the stars and stripes. The building is made of light-colored stone blocks. The sky is clear and blue. In the foreground, there is a white rectangular box with a black border containing the text "Reflections on Hope and Courage".
